

## Budget March 2021 - UK Government financial support for business, employees and self-employed 4 March 2021

In the Budget on Wednesday 3 March 2021, the Chancellor set out plans for what we all hope will be the last phase of the financial support to help businesses, employees and self-employed financially survive the impact of the coronavirus pandemic.

The key points of the latest announcement are:

- Extend the Coronavirus Job Retention Scheme further, until the end of September 2021.
- Details about the fourth Self-employed Income Support Scheme grant covering February 2021 to April 2021 and confirmation that there will be a fifth grant.
- The launch of a new Recovery Loan Scheme to replace the existing business loan schemes which close at the end of March 2021.

You can find more details of all the economic support below.

***Please note this guide is intended to inform you about the financial support packages available. We know that some businesses may not qualify for some of the support and you should check with the relevant authorities for your own business.***

### SEISS Fourth Grant

- The fourth SEISS grant will be worth 80% of three months' average trading profits, paid out in a single instalment and capped at £7,500 in total. The grant will cover the period February to April 2021 and can be claimed from late April.
- Self-employed individuals must have filed a 2019-20 Self-Assessment tax return to be eligible for the fourth grant.
- To work out eligibility, HMRC will first look at the 2019 to 2020 Self-Assessment tax return. If an individual is not eligible based on the 2019 to 2020 Self-Assessment tax return, they will look at the tax years 2016 to 2017, 2017 to 2018, 2018 to 2019 and 2019 to 2020.
- An individual must have traded in both the 2019 to 2020 and 2020 to 2021 tax years.
- All other eligibility criteria remain the same as the third grant.

### SEISS Fifth Grant

- There will be a fifth and final SEISS grant covering May to September 2021.
- The value of the grant will be determined by a turnover test. People whose turnover has fallen by 30% or more will continue to receive the full grant worth 80% of three months' average trading profits, capped at £7,500.
- People whose turnover has fallen by less than 30% will receive a 30% grant, capped at £2,850. The final grant can be claimed from late July.
- Further details will be published in due course.

### Recovery Loan Scheme

- The new Recovery Loan Scheme will enable businesses of any size to continue to access loans and other kinds of finance up to £10 million per business.
- The government guarantees 80% of the finance to the lender.
- The scheme launches on 6 April and is open until 31 December, subject to review.
- Loans will be available through a network of accredited lenders, whose names will be made public in due course.
- Term loans and overdrafts will be available between £25,001 and £10 million per business.

- No personal guarantees will be taken on facilities up to £250,000, and a borrower's principal private residence cannot be taken as security.
- The business will need to be trading in the UK and proof will be required that the business:
  - is viable or would be viable were it not for the pandemic
  - has been impacted by the coronavirus pandemic
  - is not in collective insolvency proceedings - further details will be provided in due course
- Businesses that have received support under the existing loan schemes will still be eligible to access finance under this scheme, if they meet all other eligibility criteria.

### Business Rates Reliefs

- The government will continue to provide eligible retail, hospitality and leisure properties in England with 100% business rates relief from 1 April 2021 to 30 June 2021.
- This will be followed by 66% business rates relief for the period from 1 July 2021 to 31 March 2022, capped at £2 million per business for properties that were required to be closed on 5 January 2021, or £105,000 per business for other eligible properties.

### Restart Grants (England only)

- The government will provide 'Restart Grants' in England of up to £6,000 per premises for non-essential retail businesses and up to £18,000 per premises for hospitality, accommodation, leisure, personal care and gym businesses

- Employers who hire a new apprentice between 1 April 2021 and 30 September 2021 will receive £3,000 per new hire, compared with £1,500 per new apprentice hire (or £2,000 for those aged 24 and under) under the previous scheme.

- Companies that are members of a corporate group will be able to obtain relief for up to £200,000 of losses in each of 2020-21 and 2021-22 without any group limitations.
- Companies that are members of a corporate group will be able to obtain relief for up to £2 million of losses in each of 2020-21 and 2021-22, but subject to a £2 million cap across the group as a whole.
